MÖBLER

- A PHILOSOPHY -

1942 | FDB AND BØRGE MOGENSEN JOIN FORCES

FDB furniture was founded in 1942 with Danish architect and designer Børge Mogensen as the first Creative Manager. Previously, Mogensen worked for Kaare Klint and Mogens Koch, and he continued many of the same design ideals at FDB, always focussing on simplicity, functionality, and people.

1944 | THE FIRST FURNITURE COLLECTION

The first collection was presented, "By the people, for the people". The philosophy was to produce high quality furniture that could be manufactured at affordable prices. In contrast to the rising use of teak, FDB furniture was produced in lighter Danish woods such as pine, beech, and oak.

1947 | A NEW FACTORY

Originally, FDB furniture was produced in Njalsgade in Copenhagen, but in 1947, FDB bought the factory 'Tarm Chairs and Furniture'. The factory had been a supplier for FDB for years, but purchasing the factory made it easier for FDB to manage and control the quality and pricing. The factory employed 50 carpenters and produced 10,000 chairs per year.

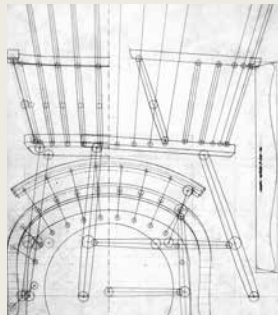

1950's' | WELFARE SOCIETY & THE GOOD HOME

During the 50s and 60s, Danes embraced modern furniture design and with more than 2,000 selling points, FDB was the biggest furniture company in Denmark. In the 1950s, FDB became a major supplier of school furniture for both students and teachers.

1967 | TIMES CHANGE

In the 1960s, things started to change. Lifestyle magazines focussed on steel furniture and strong colours, and as the strict design values of the previous decades loosened, FDB's modern furniture lost its popular position. In 1967, the creative studio was closed with Jørgen Bækmark as the final Creative Manager.

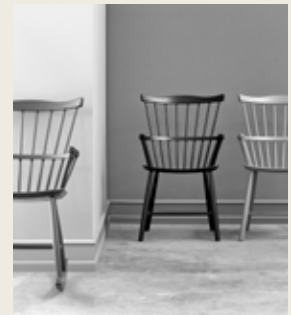

1980 | THE END OF FDB

After some turbulent years with rising competition and a change in consumer trends, the factory in Tarm was sold and the last piece of furniture was produced in 1980. All design rights were given back to the original designers.

2013 | A NEW BEGINNING

COOP (formerly FDB) relaunched FDB as FDB Møbler in Denmark, bringing back many of the old designer classics with instant success. New generations of designers have joined the team throughout the years, but the philosophy remains the same: to create beautiful, functional, high-quality furniture.

2017 | STORE OPENING

FDB Møbler grew quickly and in 2017, the first physical store was opened in Lyngby, north of Copenhagen. "We knew very well that these were some fine products, but we had no idea how strongly people felt about our legacy, and how well-known FDB Møbler actually was," Ole Kiel, CEO.

2019 | A DURABLE & RESPONSIBLE FUTURE

Everything we produce in wood is FSC® C164841 certified and in 2019, the J46 Chair received the Nordic SWAN certification as the first in the collection. Using specific, detailed calculations for each item, we measure the CO2 impact of the entire production process on all our furniture.

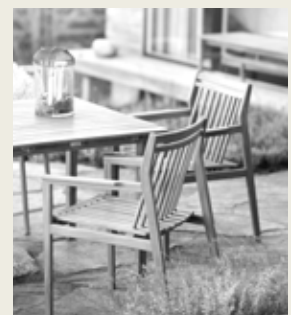

2022 | THE FIRST GLOBAL FLAGSHIP STORE

With the ambition to expand internationally, the first FDB Møbler Flagship store outside Denmark opened in Hamburg in the autumn of 2022. This also marked the celebration of our 80 years as a furniture and design brand.

2022 | 10 YEAR FURNITURE WARRANTY

All furniture from FDB Møbler is produced with great concern for good craftsmanship and durability. In 2022, the furniture guarantee was extended, now offering a 10-year guarantee on all furniture products.

2022 | NEW DESIGNERS

Today, 60% of FDB Møbler's total revenue comes from new designers. "We have great respect for the legacy of FDB Møbler, and we make sure all new designers understand where we're coming from, so we can all keep honouring the strong design tradition", Ole Kiel, CEO.

“Responsibility is FDB Møbler’s
cornerstone—it’s the starting
point for everything we do.”

Accountability is fundamental

We aim to be Denmark's most responsible furniture company—that is the foundation and starting point for everything we do. The footprint we care most about leaving is in the form of stories from the lives of people who have felt at home with our furniture. We make furniture from FSC certified® wood (FSC-C164841), look for our FSC certified® products. Additionally, all our textiles are either labelled with OEKO-TEX or EU Ecolabel. Our overall goal is to see everything from the smallest stool to the largest dining table certified with the Nordic Swan Ecolabel. Finally, we work daily to calculate our CO2 footprint and optimize production accordingly.

FDB Møbler's history dates proudly back to 1942, and we consider it our responsibility to help ensure that our grandchildren's children get to hear our story in a world still blessed by the gifts of sun, wind and water.

As Børge Mogensen said, "Furniture must serve people." With that in mind, everything from FDB Møbler is designed to last a lifetime. Our fundamental design concept cuts right to the bone: no superfluous embellishment to diminish the beauty of simplicity, no trendiness to detract from true timelessness. In short, honest design and solid craftsmanship 360 degrees around, so that even the undersides of our tables and chairs have nothing to hide. Behind every FDB Møbler product is a designer dedicated to creating value for people, both here and now and in the future.

At FDB Møbler, we take pride in offering handcrafted furniture made from natural materials, providing each product with its own unique character.

Please note that due to these handmade processes and the natural materials used, there may be minor variations in size, shape, grain structure, and colour between different productions.

Dining chairs

“I strive to create soulful design. I’m driven by a love of craftsmanship and a constant curiosity to explore both new and familiar materials”

Garden furniture

“You have to feel at home in your furniture. You must be able to feel that even if, for example, a chair is made to look nice, it must equally be made for the person who will be sitting in it”

Thomas Alken

Sammen garden furniture by Thomas Alken

10-YEAR WARRANTY

FDB Møbler's high-quality materials and solid craftsmanship are an iconic part of Danish design. Since its foundation in 1942, with architect Børge Mogensen as the creative leader, FDB Møbler has been producing high-quality and solid craftsmanship at reasonable prices. We have extended our furniture warranty, so that you can now buy a piece of furniture from FDB Møbler with the assurance of a 10-year warranty. The furniture warranty does not apply to garden furniture, lamps, home accessories, and home textiles.

TESTING

A good piece of furniture is made of the right construction, quality materials, and proper design. To ensure that we meet all three parameters, testing is a natural part of product development at FDB Møbler.

MAINTENANCE

You can maximize your enjoyment and extend the lifespan of your furniture with proper treatment and maintenance. Solid wood furniture will develop a beautiful patina over time when it receives daylight and correct care. As wood is a natural material, variations in color and markings are natural occurrences.

FSC

The FSC is the world's most ambitious global certification for responsible forestry, working for nature and human conditions. Our furniture is made from FSC®-certified wood. We take care of the forests where we harvest, ensuring that we do not take from nature without giving something back.

NORDIC SWAN ECOLABEL

The Nordic Swan Ecolabel is the official Nordic ecolabel and one of the world's strictest environmental certifications. Currently, several of our furniture pieces, including all children's chairs and tables, are Nordic Swan Ecolabel certified. Our next goal is to have all possible products from FDB Møbler certified with the Nordic Swan Ecolabel, where feasible.

DURABILITY

Even if you are the first owner of a new piece of furniture from FDB Møbler, you are rarely the last user. Everything, from the materials and constructions to the design, is created to endure through generations.

CO2

We are actively working to ensure transparency regarding the climate impact of our products. We see it as our responsibility to reduce the carbon footprint of our furniture and aim to contribute to meaningful change in this area.

Furniture that makes room for people

Furniture ought to make room for people. That has been our philosophy since 1942, when FDB Møbler was founded, with architect Børge Mogensen heading up the studio. Many new designers have since entered the fold, but the foundational principles remain the same: To create beautiful, functional and exceptionally crafted furniture that makes room for everyday living at home. And that can withstand everyday wear and tear to age gracefully with those who use them.

FDB Møbler is internationally known as a frontrunner of Danish design. It's a story of classic pieces to be passed down from generation to generation. In fact, every new piece of FDB Møbler is born as an heirloom. The values that FDB Møbler was founded upon continue to shape every piece of oak and beech. They are woven into the Seats and are upheld in each design, both when our ever popular classics are reissued from our design archives, and when we launch brand new designs.

Regardless of whether we are talking about iconic pieces from FDB Møbler's classic collections or new, innovative designs, the goal is the same: To have the veritable quality of life that was envisioned when the first pieces of furniture emerged from our studio in 1942.
